Course Objective: The purpose of the S.T.A.R.S Lab is ensure the academic success of students who have been identified using local or state criteria. Coursework is provided through a self-paced setting that requires students use time-management. The courses will be available via API (American Preparatory Institute) Modules and/or the A-PLUS program.

CLASSROOM RULES

1. Adhere to the B.I.S.D. Student Code of Conduct
2. Keep your hands to yourself and be mindful of those around you.
3. Be on time. Attendance is important. Attendance Contracts will be issued if 3 absences are exceeded in a 6 week marking period.
4. Work diligently to meet deadlines.

GRADING POLICY FOR CREDIT RECOVERY- The final average, when adding the module grade average and, if applicable, the final exam of the module, must equal to a 70 or better.

The following guidelines will be adhered for students receiving credit by district approved credit accrual programs.

1. Eligibility: Must be identified using state-defined criteria and be in danger of not graduating in four years or as a result of having previously failed a course required for graduation.
2. Program Options: A student may acquire credits he/she lacks and may mainstream back into the regular instructional program.
3. The counselor will also complete a STARS registration form for the receiving teacher identifying the courses to be completed by the student.
6. Dismissal – a student may be dismissed from this program if:
 - a. student has completed necessary requirements; or
 - b. student violates program contract.**
