Topic/Essential Question from Academic Class:

Who was the most influential person in the Industrial Revolution?

**Initial Question:**

Out of my top four inventors who was the most influential?

Source: Class assignment to use a bracketing system to eliminate inventors to get down to 1. \_\_\_ / 2

Key Academic Vocabulary and Definition Associated with Topic/Question:

1. Industrial Revolution - transformation from an agricultural to an industrial nation, 1760-1840
2. Modernization - making modern in appearance or behavior

What I Know About My Question:

1. J.P. Morgan was everyone’s financier. Nikola Tesla invented most electrical systems. The Wright Brothers made the first working plane. James Watt improved the steam engine.
2. We have to look for, not the greatest or coolest invention or person, but the most influential to today’s society.

4

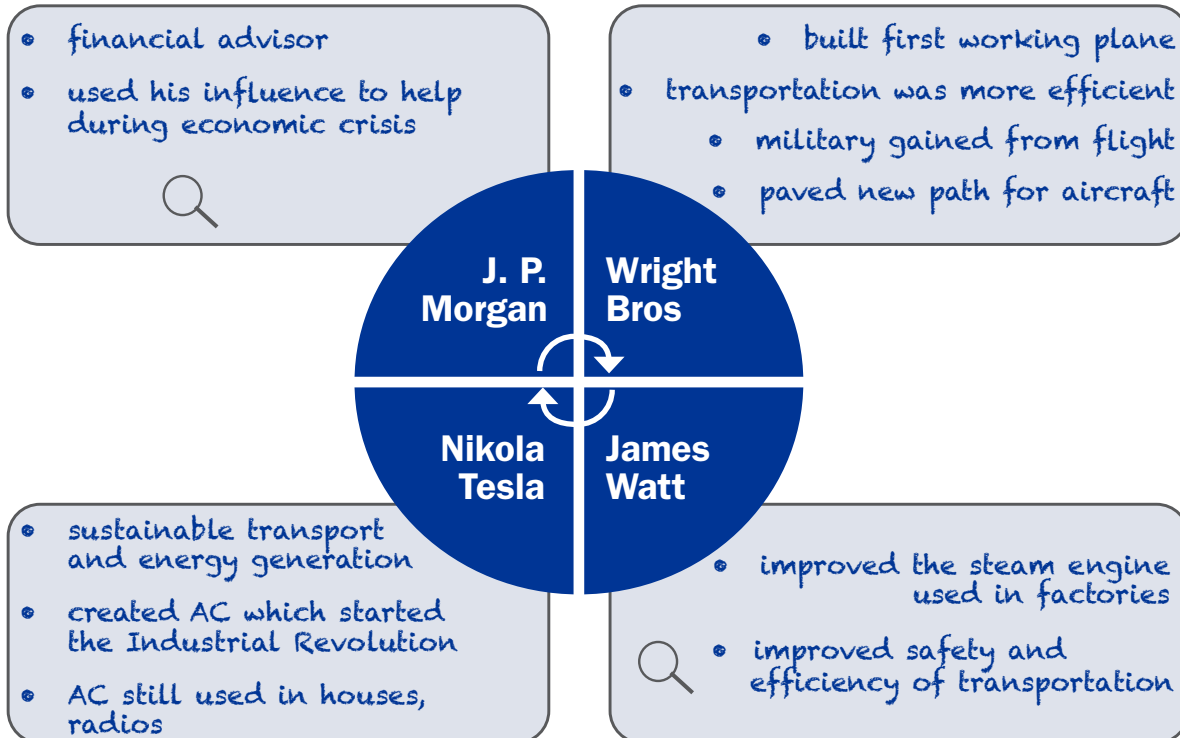

**Critical Thinking About Initial Question with Corresponding Steps:**

Use these symbols in the Critical Thinking box and on the board to identify the following:

! = A-Ha! moments   ? = Point of Confusion   🔍 = Need to research   😊 = I'm confident about...

1. Show your thinking about your initial question, and identify your Point of Confusion.     \_\_\_ / 4

2. List the general steps that you took leading up to your Point of Confusion.     \_\_\_ / 4

Steps

- 1) Decided on my top four inventors
- 2) Put them into graphic organizers to make it easier to decide who moves on to the next round
- 3) Listed important inventions and impacts they had
- 4) Determined that Nikola Tesla and Wright Brothers should move forward

**Tutorial Question** (from Point of Confusion):

Write an authentic question about your Point of Confusion that is different from your initial question.

Evaluate the two remaining innovators (Tesla and the Wright Brothers) to determine who is the most influential in today's society.
